(Unlocked at level 9)

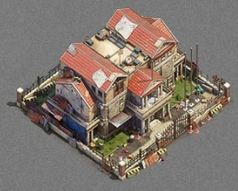

LONE TRADER

Here you can trade for rare items at special discounted cost!
(Unlocked at level 9)

BUILDING TIPS: Which buildings should I generally prioritize?

All buildings provide you with certain benefits, however there are certain buildings that are more important to prioritize for your overall development.
We recommend focusing on the following buildings upgrades:

TOWN HALL: Upgrading your town hall grants you access to new buildings and functions.
It is the heart of your town.

SQUARES I-IV: These buildings increase your formations troop capacity, increasing their overall power and therefore yours as well.

LIBRARY: Upgrading this building will gain you access to powerful and useful technologies that will no doubt make you stronger!

FIRE STATION

POLICE STATION

STABLE

Upgrading these buildings will provide you with stronger troops that will help you increase your power.

VEGGIE BARN

WATER TOWER

LUMBER STORAGE

MEAT LOCKER

These buildings upgrade your storage capacity, allowing you to store more resources for those much-needed upgrades.

The Forge

The Forge

Introduction:

Greetings Survivors!

Today we have prepared a special guide to help you all become more familiar with "The Forge" and the overall equipment crafting system. The Forge is a development building that you can unlock when you reach **Town Hall level 12**. It allows you to craft equipment for your survivors!

Crafting equipment for your survivors will provide them with important combat/development buffs that will help you on your way to survival! Here are a couple of examples of some buffs that equipment can give your survivors:

Development: Increased Building Speed.

Combat: Increased Crew attack, defense and health.

Survivors have 4 slots available for equipment. You can craft many different types of gear for your survivors that come in varying quality tiers:

Uncommon **Rare** **Epic** **Legendary**

The Forge

What do I need in order to craft some equipment?

Crafting Materials:

You can obtain crafting materials by participating in special events such as "Duels" or "XXXX Day" (For example: Technology Day).

Here is a list of all the different crafting materials you will find in the game. There are also 4 tiers of material quality: uncommon, rare, epic and legendary. You can create higher quality materials by combining 4 of a certain material of the same quality.
You can also dismantle a higher quality material into lower quality material. (crafting/dismantling materials will cost you a certain amount of meat)

Rocks

Branches

Animal Skins

Animal Bones

Cloth

Metal Scraps

The Forge

What do I need in order to craft some equipment?

Blueprints:

Blueprints are needed to craft equipment, can obtain equipment blueprints by combining blueprint fragments. You need to combine 100 blueprint fragments in order to craft a complete blueprint.

Blueprint fragments can be obtained by participating in special events such as “Duels” or “XXXX Day” (For example: Fight the walkers day)

Blueprints also come in 4 different quality tiers:

Uncommon Rare Epic Legendary

The Forge

Interface Overview

Now, it’s time to get more familiar with “The Forge” Interface.

There are 3 main sections in “The Forge” interface:

- **Forge:** This is where you go to forge new equipment for your survivors. When you have enough materials and the appropriate blueprint fragments, click on “Forge” to forge your new equipment!
- **Materials:** In this section you will have the ability to craft and dismantle. You can craft lower quality materials into higher quality ones by combining them. You can also craft blueprints from blueprint fragments. You can also dismantle higher quality materials into lower quality materials. (Note that dismantling materials will cost you meat)
- **Depot:** This is your equipment inventory, you can see which equipment pieces you currently own and who they are equipped to. You can tap on each individual equipment to see more details about the buffs or benefits they provide. You can also see your total amount of materials and blueprint fragments.

The Forge

Equipping Gear

Once you have forged your gear, head over to your survivors' interface and tap on the survivor you want to equip gear on.

Then tap on the Equipment tab and choose the slot where you wish to equip the gear on to. Simple as that!

Important Note: Remember to carefully read each equipment's description in order to equip it to the survivor that will make best use of it!

We hope this guide will help you better understand how equipment forging works in TWD: Survivors!
