## Creating a Coalition

# CREATING A COALITION

Clan leaders who have entered **Season 4** can create coalitions by entering the coalition interface.

There are two requirements to be able to create a coalition:

- 9,000 or more **Clan Prosperity**
- 70 or more **Clan members**

If you meet these requirements you can enter the coalition creation interface and a name & banner has been selected, the coalition can be created.

Now that your coalition is made, other clans can apply to join your coalition which you can accept or reject through the **settings interface**.

**Important Note:** When a clan exits a coalition, any community buildings that it was touching will remain as part of the coalition. When their shield drops, they can be retaken by any clan who is bordering it. If they are not taken over then they will go neutral once again.
