CAN'T LOGIN VIA MY GOOGLE ACCOUNT

There are several errors that can occur when trying to login to your Google account, but it's typically one or two reasons why.

Firstly, check you have the **Google Play Store** app fully up to date

1. Go to your Playstore
2. Tap on your profile picture top right and select "Manage apps and device"
3. Check for updates and ensure everything is up to date on your device.
4. Try again

Secondly, you will also need to make sure you have **Google Play Games** installed. If you don't have this as well as **Google Play Store**, you will not be able to login.

1. Go to the Playstore
2. Search Google Play Games
3. Install the Service
4. Try again
